

Podcasts from Team Defence Information

Title: 7 Podcasts from LOGNET 18-2 speakers

These podcasts are part of a series of audio recordings taken from the [LOGNET 18-2](#) conference organised by Defence Logistics and supported by Team Defence Information. The audio was recorded live and so in places might contain some background noise, quality can be improved by listening through headphones.

For more information on LOGNET including links to download the event slide packs to view them in conjunction with the relevant podcast, please visit go to [LOGISTICS & LOGNET](#) section of our TD-Info website. Alternately, use the links below to individual presentations.
