

CDLS Awards “Call For Nominations”

Adrian Page

18/06/2026

Introduction

TD-Information are proud to support Chief of Defence Logistics & Support (CDLS) Vice Admiral Andy Kyte in recognising individuals and teams who have gone over and above in their day-to-day role to make an outstanding contribution to Support.

The CDLS Commendation is awarded to those making a profound contribution to the vision for National Armaments Logistics & Support that demonstrate clear linkage to the Strategic Objectives.

CDLS Commendations recognise excellence distinct from other commendations, national honours, or technical and professional awards, while acknowledging there may be an overlap in excellence viewed from a different vantage point.

Recognition through another body does not preclude selection for a CDLS Commendation but should be referenced within the submission.

The Strategic Objectives

- Support First - Designing in supportability from the start of a capability's acquisition lifecycle.
- Integration, interoperability and interchangeability - Anchored around the requirements of the NATO New Force Model and the NATO Regional Plans.
- Supply Chain Resilience
- Optimised Through Life Support
- Digital Modernisation
- Resilient and Skilled Workforce
- Energy Transition
- Circularity/Recycling
- Operations/Delivery

The Event / Key Dates / Submission Link

The Event

Successful nominees will be invited to attend an Award Recognition Ceremony hosted by the Vice Admiral at the RAF Club in London on 12th Oct 2026 where they will officially receive their CDLS Commendation.

Key Dates

- Nomination Closing Date: 29 July '26
- Entry Assessment By Board Members 4th Aug '26
- Successful Nominees informed early Sept'26
